RETAIL TRADE BY KIND OF BUSINESS, CANADA AND THE PROVINCES, 1961 COMMERCE DE DÉTAIL, SUIVANT LE GENRE, CANADA ET PROVINCES, 1961

This advance report of 1961 retail trade shows information for selected major trade classifications. Space does not permit the publication of all trade detail in this report, but all classifications with additional data on proprietors and employees will be released as soon as possible under Census Bulletin 6.1-1, Catalogue No. 97-501.

Certain revisions have occurred in kind of business classifications; restaurants, taverns, cocktail lounges, etc., are now classed as services; lumber dealers, farm implement dealers and feed stores have been transferred from retail to wholesale trade; all automotive repair shops, radio and television repair and jewellery repair shops are now included in retail trade rather than service. These revisions occurred since the 1951 Census. To show comparable data for retail trade as classified in 1961, group and grand totals for 1951, revised to the present classifications, are shown in this report. A more detailed comparison between 1951 and 1961 will be included in the first regular bulletin mentioned above.

For reasons of space, summary information for Yukon and Northwest Territories is shown below.

Note: -- Figures withheld to avoid disclosure of individual operations.

Le présent rapport anticipé sur le commerce de détail donne des renseignements sur certains commerces importants. L'espace ne permet pas la publication dans ce rapport, de tous les détails du commerce, mais tous les classements et renseignements supplémentaires quant aux propriétaires et aux employés paraîtront aussitôt que possible dans le bulletin de recensement 6.1-1, n° de catalogue 97-501.

Certaines modifications ont été apportées au classement des genres de commerces; les restaurants, les tavernes, les salons-bars, etc., sont maintenant classés dans les services; les marchands de bois de construction, les marchands d'instruments agricoles et les magasins de provendes font maintenant partie du commerce de gros et non du commerce de détail; toutes les boutiques de réparation d'automobiles, de réparation d'appareils de radio et de télévision et de réparation de bijouterie sont maintenant classées dans le commerce de détail et non plus dans les services. Les modifications ont été faites depuis le recensement de 1951. Afin que les chiffres du commerce de détail, tel qu'il a été classifié en 1961, soient comparables, le présent rapport donne les totaux partiaux et généraux de 1951 ramenés aux catégories actuelles. Le premier bulletin mentionné ci-dessus présentera une comparaison plus détaillée entre 1951 et 1961.

Faute d'espace, des renseignements sommaires sur le Yukon et les Territoires du Nord-Ouest paraissent ci-dessous.
